

## STAMPS

### ***ULTIMARK® Pre-ink Stamps***

Just Press and Print! It's that simple with Ultimark pre-inked stamps. You don't need a separate stamp pad because the ink is in the stamp. You'll get clean, crisp impressions every time you use your Ultimark pre-inked stamp. After thousands of impressions, just re-ink your stamp for thousands more. They are available in Black, Red, Blue, Green or Violet.

### ***Self-inking Stamps***

A self-inking stamp is a stamp that contains its own ink pad and mechanism to re-ink the die after each use. Very long lasting and re-inkable, these stamps are available in black, red, blue, green, or violet ink. This is an excellent stamp for stamping on paper (For Deposit Only, Name and Address, etc.).

### ***Hand Stamps***

The traditional hand stamp is the least expensive. This type is the best for stamping on any curved or irregular surface. Allows you to use any color or type of ink that is compatible with genuine rubber stamps. Requires the use of a stamp pad.

# HAND STAMPS

Any message worth repeating can be put onto your traditional hand stamp. These stamps are designed to be used with a separate stamp pad. Consider our TRODAT self-inking stamps or pre-inked stamps for greater efficiency and convenience.

Choose the impression area which fits your desired application. Your text lines will then be custom sized in height and length to best fit your selected impression area.

### Cast Desk Embossers

These elegant, precision made cast desk embossers make a fine addition to any desk or office. The embossers are metal cast, then individually polished by hand to create a smooth, beautiful surface. They are available with a baked-on black epoxy finish, a plated 24K lustrous gold flashed finish, or a lustrous chrome plated finish.

The die holders are removable and interchangeable, and are available in standard 1 5/8" (41mm) diameter and 1" x 2" (25mm x 51mm) rectangular die sizes.

Great for executive gifts, notaries, lawyers, personal embossers, names and addresses and much more. A perfect gift for the person who has everything!

### Long Reach Desk Seals

These units are designed to accommodate embossing needs when a longer paper insertion is required. Both units are available with the 2" diameter die, with a 2 1/2" or 4 1/2" reach.
