

30 mil MAGNETS: (rectangular or square cut only) 2022.1

Magnets are nice because you can put them on a metal surface (ex. car) and take them off when you do not want them on. But, because they go on & off they can come off on their own and get lost! **We Do Not Take Any Responsibility If You Lose Any Magnets.** You will have to re-purchase any lost magnets you want.

*Prices Could Be More Depending on Complexity of Artwork.

sq. in.	Size	1	2	5	10	15	20	25	50	100	250
